Director of Training and Education

SUBJECT: Recommendation for Rotational Assignments for TAs

1. Thanks for your thoughtful memo. When employees like yourself take time to think about a problem and make recommendations for solving it, I know we are all living up to our credo of "Working To Be The Best."

2. You are certainly correct in stating that Training Assistants need career paths to help them structure their progress thru the ranks. It is a misconception, however, to assume that this path is "limited to becoming an instructor." There are many more opportunities available to TAs than just the instructor path.

3. the OTE Career Management Officer, is developing career tracks for all OTE careerists. The first one we will have available is for Training Assistants. We plan to have it out to all units in draft form for comment next week. Rotational assignments for TAs, as you suggested, are included. I urge you to look it over carefully and provide your feedback and input to Marsha.

4. I am committed to providing career tracks and meaningful career opportunities for all OTE employees. Thank you for your interest in the process.
